f Santa Fe Audubon Society - Florida

TUESDAY, NOVEMBER 15 Sunrise Wildlife Rehabilitation WILDLIFE AMBASSADORS

Odin

l'Lean

Rocky

Please join us to learn about Sunrise Wildlife Rehabilitation and their wonderful work. They will be bringing a few of their "Wildlife Ambassadors": Odin and Ruby, Eastern Screech-Owls, Rocky a sweet little Flying Squirrel (who is currently on a diet), and I'Lean the Gopher Tortoise.

https://www.sunrisewildlife.org/

6:45 PM at Trinity Episcopal Parish Hall (204 SR 26 downtown Melrose) on Tuesday, November 15, 2022.

You do not need to be a Santa Fe Audubon Society chapter member to attend our Speaker Series progams. All are welcome!

The safety of our membership is of upmost importance, and we encourage everyone to wear a mask.

The safety and well-being of our membership and board members is our top priority; therefore, our in-person Speaker Series may be postponed or canceled on short notice due to health related concerns. Cancellation notifications will be sent out via email and posted on our website and Facebook page.

FIELD TRIP **NOVEMBER 19**

SATURDAY, NOVEMBER 19 LITTLE ORANGE CREEK PRESERVE

This Hawthorne property is interesting even from the highway, where birds such as turkey and egrets are routinely spotted. Our group will explore the area with the Danny Rohan, Alachua Conservation Trust, who will explain the general background of the conservation work and provide an overview of the pine restoration efforts on the preserve. Sallie Carlock, field trip contact.

LIMIT 10 PARTICIPANTS • RESERVATIONS REQUIRED

DIFFICULTY LEVEL: 2 May involve uneven terrain; 1-2 miles • Approx. 2- 3 hours Meet at 8:00 AM at Melrose Heritage Park (west side) to caravan

> 8:45 AM in the NORTH PARKING AREA Little Orange Creek Preserve 24115 SE Hawthorne Road (St Rd 20), Hawthorne

NO RESTROOMS at this Field Trip location

We will be limiting the number of participants on all field trips. We ask that all observe personal distancing and suggest bringing a mask for everyone's protection, just in case it is needed.

Reservations for each trip will be filled on a first-come first-served basis with waiting lists in case of participant cancellation. Please be sure to include the field trip name and date along with your name, phone number(s) and e-mail address, in case we need to notify you of any changes. Field Trip Guildelines are on page 3.

TO RESERVE YOUR SPOT, email santafeaudubonfl@aol.com

REMINDER **TUESDAY, OCTOBER 18**

Our "Welcome Back" gathering and award presentation of our 2020 "Conservationist of the Year" to Timothy (Tim) Keyser, President of Putnam Land Conservancy,

6:45 PM at Trinity Episcopal Parish Hall (204 SR 26 downtown Melrose) on Tuesday, October 18, 2022.

You do not need to be a Santa Fe Audubon Society chapter member to attend our Speaker Series progams. All are welcome!

by Jacqueline Williamson

THE SWAMP THE EVERGLADES, FLORIDA, AND THE POLITICS OF PARADISE

by Michael Grunwald

"The Swamp is the best thing I've ever read about the Everglades. The story of what's happened to this haunted and magical wilderness has the epic ingredients of a great novel -- greed, betrayal, carnage, and valor -- and Michael Grunwald has beautifully captured it all for history."

-- Carl Hiaasen

After a very difficult nesting season in 2021, Black Skimmers on St. Pete Beach in Pinellas County, fledged more than 200 chicks this season, May to September, 2022.

Tips for Helping the Black Skimmers:

- Keep your distance and respect posted areas.
- Avoid flushing birds.
- Keep pets off the beach and away from nesting areas. Even the friendliest dog will spook an entire skimmer colony.
- Spread the word. Tell others how they can help these amazing birds!

BIR D OF THE MONTH

PALM WARLBER

(Setophaga palmarum)

band code "PAWA"

"Western" non-breeding

Eastern "Yellow" non-breeding

A warbler that doesn't act like one, the Palm Warbler spends its time walking on the ground, wagging its tail up and down. This brownish-olive bird has a bright rusty cap and a bold pale eyebrow stripe. They breed mainly in Canada's boreal forest, but most people see them during migration or on wintering grounds foraging in open areas. You may see two forms: an eastern subspecies that's bright yellow below, and a more western subspecies with a pale belly.

COOL FACTS:

The subspecies of Palm Warbler in the East ("Yellow" Palm Warbler) migrates earlier in the spring than its western counterpart. "Yellow" Palm Warblers start moving north in early April and Western Palm Warblers start moving north shortly thereafter. The two subspecies of Palm Warbler also migrate along different routes in spring; the "Yellow" Palm Warbler travels east of the Appalachian Mountains while the "Western" Palm Warbler migrates through the Mississippi Valley.

For more infomation about Palm Warblers visit: <u>HTTPS://WWW.ALLABOUTBIRDS.ORG/GUIDE/PALM_</u> <u>WARBLER/OVERVIEW</u>

Fur Fact: A group of warblers are collectively known as a ""reading" " of warblers.

ABOUT FIELD TRIPS *RESERVATIONS REQUIRED FOR ALL FIELD TRIPS*

TO RESERVE YOUR SPOT, email santafeaudubonfl@aol.com

We all must remember to maintain safe personal distancing. We suggest you bring your face mask just in case it is needed. It is easy to forget during the excitement of bird watching.

BRING: Water, binoculars, hat, sunscreen, rain gear and face covering.

Please, NO SHARING OPTICS. The field trip contact has sanitized binoculars to loan.

WEAR STURDY WALKING SHOES.

Field Trip contacts keep waiting lists in case of a cancellation. Stay hydrated, be safe and have FUN!

CARAVAN FROM MELROSE

Please arrive early and be ready to leave with your supplies: water, binoculars, hat, sunscreen, rain gear and STURDY WALKING SHOES.

Santa Fe Audubon has extra binoculars to lend.

Meet on the **west side** of Melrose Heritage Park, SR 26, downtown Melrose. Or meet at the field trip site. When you make your reservation, please specify if you will meet at Heritage Park or the Field Trip location.

FIELD TRIP DIFFICULTY CHART

- **0** Impaired mobility has been considered for this trip. The SFAS Contact has details.
- 1 Trip within easy access to the vehicle and/or level terrain; 1 mile or less.
- 2 May involve uneven terrain; 1-2 miles.
- **3** May involve elevation change, uneven terrain, and/or be greater than 2 miles.

BIRDING ETHICS (including photography)

Practical guidelines that aim to mitigate the stress birds and their habitats face when humans intrude.

- · Leave pets home
- Bring binoculars
- Mute cell phones
- · Gently close vehicle doors
- Talk softly/whisper
- Keep bird call playback and pishing to a minimum.
- Walk quietly in woods (pick up feet)
- · Avoid using a flash when taking photographs
- Keep your distance
- DO NOT flush or disturb birds (especially during spring nesting season)
- · Stay on established trails
- · Be alert for bird sounds/movements
- Coughing/sneezing? Stay away from group or, if possible, in vehicle
- · Respect other birders
- Wear earth tone color clothing, when possible
- · Stay hydrated and safe

SCHEDULED FOR DECEMBER
